**Pitkin Community Center
30 Greenfield Street
Wethersfield, CT**

ARCHITECT

**Friar Associates, Inc.
291 Farmington Avenue
Farmington, CT**

DETAILS

**K-13 Tan
5,700 Square Feet
3" Thickness**

An emotional tribute to the World Trade Center, the recently renovated Pitkin Community Center highlights a piece of steel from Ground Zero in New York City. K-13 was selected for a variety of reasons; 1st, K-13's ability to mask the old irregular substrate, 2nd, providing an R-Value of 14 and 3rd, Noise Reduction Coefficient of 1.00. Major funding for the project was provided by a single family member who lost her husband in the attack. For more information regarding K-13 call 508-678-1118 or visit our web site @ www.atiincorporated.com.
